

High Street Out 10th May – 5th June 2023

The Sam 2 monitor was positioned on lamp post 4, situated at the entrance to the Angel Public House, High Street, Loddon on the 10th of May 2023. It was positioned facing towards Church Plain and it commenced recording vehicle speeds at 1.45pm that day. It was removed from this position at 2.20pm on Tuesday 6th of June 2023. When the data was looked at it was found that the monitor had stopped recording at 6.10am on Monday 5th June. The reason for this appears to be that the battery power had dropped below the working limit.
